

HYDRAULIC HIGH PERFORMANCE PUMP

BAHCO
DORTMUND

**ELECTRIC PUMP HEM 20 FOR
TENSIONERS**

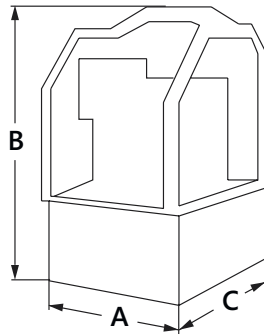

BAHCO

The electric power pump series HEM 20 works fast and reliable in two stages. The pressure can be set at the pressure gauge continuously. Due to the integrated oil cooler the pump can operate permanently.

Furthermore the pump design 120V enable the worldwide operation of HEM 20. This hydraulic pump is suitable for hydraulic torque tensioners.

FEATURES

- Two-stage hydraulic unit with electric drive for hydraulic tensioning cylinders
- Stepless pressure adjustment
- Precision gauge (2000 bar - class 1.0)
- Incl. oil cooler
- Support and protection bracket made of steel
- For mains voltage 230V, 50Hz

HEM 20 HIGH PERFORMANCE PUMP

OPTIONS

- Version with operating pressure 3000 bar
- Version with pneumatic drive
- Other cable lengths on request

SCOPE OF DELIVERY

- Hydraulic unit HEM 20 with oil filling
- Operation manual

ACCESSORIES

PROTECTED HOUSING

MULTI DEVICE CONNECTION

SYMBOLIC

TECHNICAL DATA

Type	Flow rate	Working pressure	Capacity	Volume	Weight	Dimensions [mm]		
	[l/min]	[bar]	[kW]	[l]	[kgs]	A	B	C
HEM 20-110-3	High pressure: 0.3 Low pressure: 4.2	2000	1.1	3	28.3	300	430	450

EXPLANATION OF THE SYMBOLS

Battery-operated

Rotation angle function

Electrically powered

Data transfer to the PC

Compressed air powered

Bluetooth connectivity

Oil operated

Sensor control

ATEX certification (optional)
