TA12 is an air hydraulic cutting tool. The design allows the user to work using rapid strokes and considerable force. The cut is burr-free. TA12 is available for both fixed workstations and mobile use. The tool is both light weight and well-balanced to minimize the strain on the user.

The air hydraulics also mean that the tool runs silently and is completely vibration-free.

The tool has few moving parts and has an extremely high level of operational reliability.

TA12 Tool head

Abmessungen

Drive unit Description	Weight kgs	Cutt. pressure* kN	Length mm	Cylinder Ø mm	Max. Dim. mm
TA12A-527	1.9	20.0	375	68	50 x 2.5

Vibration level: < 2,5 m/s²
Noise level: 63 dB(A)

* At 6 bar (90 Psi) pressure
