The **PS-600 and PS-1000 folding arms** are designed for heavy-duty applications with a torque of up to 1,000 Nm.

They can be flexibly equipped with locking units (brake units) and dual pressure units. In practice, these powerful arms are most commonly used in combination with tailored, custom solutions for tubes and tool holders.

- *Torque capacity:* max. 600 Nm or max. 1,000 Nm
- *Weight compensation:* up to 60 kg
- *Balanced:* pneumatic compensation
- *Optional equipment:* auxiliary pressure & brake

Technische Daten
