**RAIL SUPPORTED ARM
SERIES PR-50**

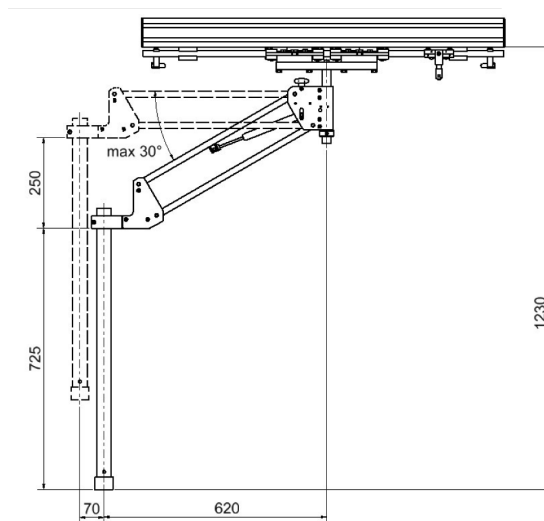

BAHCO

The **PR-50 rail supported arm** is a stable device that offers many flexible solutions for various types of assembly stations. The clever design ensures excellent accessibility.

A wide variety of standard accessories makes the arm extremely flexible, allowing it to be mounted on a table, wall, or ceiling. The arm is made of aluminum and is balanced by gas springs.

- *Torque capacity:* up to 50 Nm
- *Weight compensation:* up to 10 kg
- *Mounting:* floor, wall, or ceiling mounting
