Hydraulic Nut Splitter

BNS Series

The nut splitters operate safely, quickly, and quietly. They can separate even high-strength nuts without damaging the threads of the bolts.

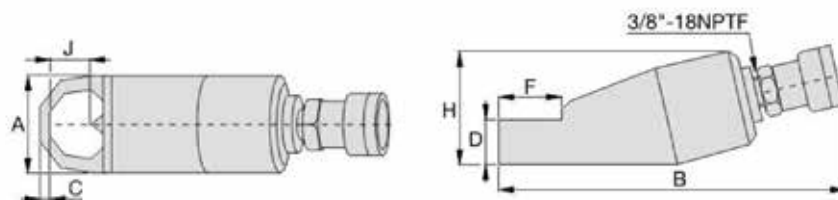

- Hydraulic nut splitters are also available as sets (pump, tool, gauge, gauge adapter, couplers, and hose)

- Unique angled head design
- Compact and ergonomic design, easy to handle
- Single-acting cylinder with spring return
- Nut splitters come with a spare chisel
- Applications: service trucks, piping industry, tank cleaning, petrochemical, steel construction, mining, etc.
