PUSH KIT UP TO 20 TONS

A large graphic consisting of the letters 'O', 'E', 'A', and 'B' stacked vertically. The letters are white with blue outlines and are set against a solid blue background. The 'O' and 'B' are circular, while the 'E' and 'A' are more angular.

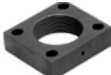

The 20-ton push kit contains all parts required to perform heavy work. The kit is available as a so called standard kit.

Standard Kit

The standard kit includes a 20-ton cylinder and a hydraulic pump with hose and coupling of your choice. It

also includes extension tubes as well as several types of push heads. Because of the individual choice the 20-ton kit can be used for different types of work.

Further optional accessories are available on request.

Special asseccories			
Model	Description		Figures
AMP651	Gauge		
TX23	Coupling nipple		
AVM202	Gauge holder		
TC228	Locking pin		
TCF20	Cylinder bracket		
THR214	Push head, grooved		
TMC221	Coupling piece		

Description and pump selection	
Standard kit	Pump selection
ES 202	PHS70-1000
ES203	PP70B-1000

PUSH KIT UP TO 20 TONS

Content	Description	techn. Data	Figures
CF 120	Push cylinder	232 kN	
TX26S	Quick coupling	R $\frac{1}{4}$ "
